

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

Closing Date (MM/DD/YYYY):03/30/2024Worker Type:PermanentLanguage(s) Required:EnglishSalary Range (plus eligible to receive a performance based incentive, applicable to position) :\$101,804 - \$137,736Agile expertise needed

Promote agile practices while consistently reinforcing scrum theory and values. Youâ€™ll remove barriers, foster engagement and challenge team members to self-organize cross-functionally, encouraging collaboration in a fast-paced, high-performing environment.What youâ€™ll do:

- Facilitate scrum ceremonies as needed
- Work on domain teams, which include a cross section of business and technical skillsets, to deliver value to customers
- Define and develop innovative processes
- Lead process management practices to ensure the domain team improves how they deliver value
- Support product owners to ensure targets are clearly understood
- Remove and/or escalate barriers for the domain teams

What weâ€™re looking for:

- Confident communicator skilled at relationship-building
- Proven leader able to coach others and reinforce agile principles
- Influencer comfortable interacting with colleagues at all levels
- Innovator with sound business judgment
- Team player with demonstrated ability to help others succeed
- Analytical thinker able to resolve strategic, organizational or technical challenges

What youâ€™ll need:

- A bachelorâ€™s degree in business administration or computer science and at least eight years of related experience (or an equivalent combination of education and experience)
- In-depth understanding of agile principles and scrum frameworks
- Knowledge of FCC business processes and agriculture lending practices
