

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Commercial and ag lending experience rewarded

Ensure sound due diligence and credit analysis principles are applied as you assess credit risk and confirm FCC's risk appetite statement is being followed.

What you'll do:

- Provide an objective assessment on the quality and soundness of credit decisions made
- Assess employees' abilities to exercise sound credit judgement
- Form conclusions based on observations and provide recommendations to close identified gaps
- Find ways to enhance existing credit policy guidelines and processes, and report on these findings
- Collaborate with other business units

What we're looking for:

- Organized multi-tasker who pays attention to detail
- Strategic thinker who uses different perspectives to analyze situations
- Proven analytical skills and understanding of credit risk and financial concepts
- Problem-solver who remains composed while managing multiple priorities

What you'll need:

- Undergraduate degree in agricultural finance, business or commerce supplemented by at least five years of proven lending experience, including small commercial lending (or an equivalent combination of education and experience)
