

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Ministry of Forests
Tappen and Vernon
Seed Orchard Cone Picker
\$22.12 - \$24.90 hourly

There are over 100 temporary positions available in Vernon and Tappen. Please apply to each location and position you are interested in. Applying to one location does not indicate an application to any other location.

A great opportunity to take the next step in your career

The Ministry of Forests is the province's agency responsible for land and resource management in B.C., which includes the protection of the province's archaeological and heritage resources.

The mission of the Forest Improvement and Research Management Branch is to enhance the value, resilience, and conservation of BC's Forest genetic resources. The Seed Production section manages five provincial seed orchards which currently produce 55% of the improved tree seed supply and are operated on a cost recovery basis.

The seed orchard cone picker position is responsible for picking cones on orchard trees.
