

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

<b>Company</b>	EPCOR	
<b>Location</b>	Calgary, Alberta	
<b>Date Posted</b>	From: 2021-10-05	To: 2050-01-01
<b>Job</b>	Type: Full-time	Category: Utilities

### Description

Highlights of the jobIn order to ensure the health and safety of our teams, EPCOR requires all new hires to be fully vaccinated against COVID-19. Candidates who cannot be fully vaccinated on the basis of a protected legal ground may request an accommodation. We ask all candidates to consider this requirement when applying for a role at EPCOR.

We are hiring a full-time permanent Project Manager to work out of our office in downtown Calgary, AB. As a Project Manager, you will be working on a variety of different projects across Western Canada and are accountable for planning, executing and commissioning construction projects that meet the budget, schedule, and quality expectations of EPCOR and our clients. Additionally, you are also accountable for developing and delivering capital plans in collaboration with EPCOR's Asset Management Office, to provide risk-based framework to prioritize the capital projects for short and long term planning process. We are accepting applications from current EPCOR Employees and external applicants at this time. What you'd be responsible for The Project Manager is accountable to Senior Manager, Operations and operates within the context and prescribed limits established by the Senior Manager. The key accountabilities of the role include, but are not limited to: Developing, implementing and reviewing Project Management and Asset Management activities to ensure compliance with policies, standards, and regulatory requirements. Delivering large capital projects from inception to completion. Liaising with external clients and internal departments to ensure all appropriate performance metrics are met, or exceeded. Executing the approved suite of projects including project managing design, procurement, construction, commissioning, billing, reporting, and closure to meet or exceed scope, budget, schedule, and safety objectives. Supporting the Asset Management Office in the development of asset management plans. Tracking and coordinating Asset Management Planning activities and facilitating asset risk or criticality assessments. Collaborating with Managers, operations and maintenance personnel and external clients to prepare short and long-term capital plans and annual asset management strategies by: identifying capital projects based on risk based asset management frameworks preparing the best possible project scope and project estimates within the constraints of available funding providing submissions to EPCOR's municipal and industrial clients and EPCOR management; and defending the proposed scope and budgets preparing and presenting business cases to clients Responding to RFPs, preparing and presenting proposals to drive new growth. Overseeing the activities of contractors and consultants for construction projects. Establishing and maintaining collaborative working relationships with external clients and contractors to support the implementation of projects. Responsible for the control of safety, quality, costs, and schedule of the projects and reporting of these elements.

What's required to be successful Qualifications, experience and behaviours the successful candidate will possess are: High school diploma (GED, or equivalent level of secondary education). Completion of a Bachelor's degree in Civil, Mechanical or Chemical Engineering from a recognized educational institute. P.Eng. designation, PMP or CCP Certification are preferred assets to have.

5+ years of water/wastewater or industrial-related project management experience. Excellent project management skills encompassing engineering, procurement and construction management. Possession of a valid Alberta Class 5 Motor Vehicle Operator's License with 6 or fewer demerits. Ability to qualify for and maintain a valid EPCOR driver's permit. A 5 year Commercial Drivers Abstract will be required at the time of hire.

Proven knowledge of Water and Wastewater processes. Ability to demonstrate understanding of: Engineering design, environmental impact and construction processes. Industrial and regulatory permitting requirements. Project control

principles for managing Budget and Change management process is desired.

Occasional travel will be required.

As our best candidate, the qualifications (skills and behaviours) listed above are supplemented with your well-developed and effective communication (verbal and written) and interpersonal skills to develop strong relationships with clients and indirect reports. You demonstrate superior leadership skills and are able to exercise influence when working in cross-functional groups working collaboratively with others. In addition, you exhibit the ability to multitask and meet your deliverables to a defined standard, continuously looking for and advocating for opportunities to improve products, streamline processes, increase efficiency, reduce waste and improve results. On Team EPCOR, we believe in building an engaging, inclusive and diverse work culture that inspires creative thinking, innovation and adds value to our communities. Our organization is a place where everyone is welcome, and where you can bring your whole self to work. As part of the Team EPCOR you are expected to act with integrity and uphold a respectful, ethical, and open workplace. Other important facts about this job: Hours of work: 80 hours bi-weekly, Monday to Friday. Occasional evenings and weekends may be required depending on the project.

Location: Calgary, AB

Travel is occasionally required for this role up to 30% of the time across to other EPCOR sites in Canada. Learn more about Working at EPCOR!

Follow us on LinkedIn, Twitter, or Facebook! Check out our Company Profile on Glassdoor. Please note the following information:

- A requirement of working for EPCOR is that you are at least 18 years of age, successfully attained a high school diploma (GED, or equivalent level of secondary education) and legally entitled to work in Canada. (A copy of a valid work permit may be required.)
- If you are considered for the position, clearance on all applicable background checks (which may include criminal, identity, educational, and/or credit) and professional reference checks is required. Some EPCOR positions require an enhanced level of background assessment, which is dictated by law. These positions require advanced criminal record checks that must also be conducted from time to time after commencement of employment.
- A technical/practical assessment may be administered during the selection process and this exercise will be used as a part of the selection criterion.
- To meet the physical demands required of some positions, candidates must be in good physical condition and willing to work in all weather conditions. Clearance on pre-placement medical and drug and alcohol testing may be required.
