

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

<b>Company</b>	EPCOR		
<b>Location</b>	Kananaskis, Alberta		
<b>Date Posted</b>	From: 2024-03-28	To: 2050-01-01	
<b>Job</b>	Type: Full-time	Category: Utilities	

### Description

Highlights of the job: We are hiring a full-time, permanent Operator 2 position working out of Evan Thomas Wastewater Treatment Plant at Kananaskis, AB. This opportunity is open to Internal and External candidates. Current EPCOR Employees please ensure that you are using your "@epcor.com" email address. Reporting to the Lead Hand Operator, Evan Thomas Operations, and the Operator II is boots on the ground and safely runs the day-to-day operations of the Water and Wastewater Treatment Plants as well as the distribution and collection systems and lab while meeting all internal and external reporting requirements and quality standards. What you'd be responsible for: Operating and troubleshooting water treatment and wastewater treatment plants and distribution and collection systems. Supporting maintenance staff and performing routine maintenance tasks such as lubricating, completing operational adjustments, and cleaning equipment; flushing and cleaning of mains; and maintaining daily logs. Monitoring and meeting internal quality standards. Collecting samples and data for monthly, regulatory, and operational reporting. Generating and analyzing reports (i.e. monthly/annual reports, safety reports, and financial reports). Developing and maintaining Standard Operating Procedures. Reading and updating record system drawings. Monitoring or facilitating processes and making the necessary adjustments to optimize water quality, quantity, and reliability. Performing laboratory sampling and adjusting process controls to determine chemical feeds, detention times, and hydraulic loading for plant operation. Fulfilling requirements for the facilities' Alberta Environment Approval and Alberta Infrastructure contract terms. Managing the treatment and disposal of sludge. Safely managing external contractors and following all required internal and external regulations. Ensuring working procedures are performed in compliance with EPCOR safety standards, ISO 9001, and ISO 14001 standards. Participating in internal and external compliance audits.

What's required to be successful: Grade 12 diploma or equivalent is required. Minimum Level 2 Certification in Distribution and Wastewater Collection is required. Strengths in water distribution and wastewater collection systems will be considered an asset. Valid Class 5 Alberta Motor Vehicle Operator's License (with 6 demerits or less). A Driver Abstract will be required. You will need to be located in communities within 1 hour of the Evan Thomas Water and Wastewater Treatment Plants in Kananaskis. This includes Canmore, Cochrane, West Calgary or surrounding areas. Previously demonstrated leadership skills leading other operators will be considered an asset. Demonstrated proficiency in using asset management software like IVARA, SCADA control systems, database software such as HACH Wims will be considered an asset. Demonstrated proficiency in using Microsoft Outlook, Excel, PowerPoint and Power BI will be considered an asset. Ability to withstand strenuous physical activity inherent to the work performed, as well as to function effectively outside under a variety of weather conditions and through all seasons. Please note that due to the nature of this position you will be required to wear a 1/2 mask respirator.

Other important facts about this job: Jurisdiction: OSHA Hours of work: Working hours of 8 hour shifts from 8:00 a.m. to 4:30 p.m. on weekdays, weekends and holidays is required. Standard shift rotation is 5 days x 8 hour shifts per week. Shifts may change depending on plant needs. 24 hour on-call shifts in rotation will be required once the accepted candidate has sufficient plant experience. Overtime may be required depending on process events which occur.

Application deadline: April 29, 2024. Current EPCOR Employees please ensure that you are using your "@epcor.com" email address. Learn more about Working at EPCOR! Follow us on LinkedIn, Twitter, Glassdoor or Facebook! #LI-TA7. Please note the following information: A requirement of working for EPCOR is that you are at least 18 years of age, successfully attained a high school diploma (GED, or equivalent level of secondary education) and legally entitled to work in Canada. (A copy of a valid work permit may be required.) If you are considered for the position, clearance on all applicable background checks (which may include criminal, identity, educational, and/or credit) and professional reference checks is required. Some EPCOR positions require an enhanced level of background assessment, which is dictated by law. These positions require advanced criminal record checks that must also be conducted from time to time after commencement of employment. A technical/practical assessment may be administered during the selection process and this exercise will be used as a part of the selection criterion. To meet the physical demands required of some positions, candidates must be in good physical condition and willing to work in all weather conditions. Clearance on pre-placement medical and drug and alcohol testing may be required.
