

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Highlights of the job

We are hiring two (2) Full Time, Permanent Sewer Substructure Inspector position working out of Edmonton, AB. The Primary purpose of this position is to perform Proactive and Reactive Inspections, maintenance, rehabilitation, and repair activities on a variety of undergrounds drainage structures including large diameter storm and sanitary trunk lines, storage tanks and pipes, control structures, interconnection sites, deep manholes and related Drainage structures. Provide input to the Labour Foreman 1 plans and directions, and ensure on-going appropriate relationships with other positions. What you'd be responsible for

Planning and preparing Trunkline walks using blueprints, construction drawings and/or DRAINS program. Performing inspections and maintenance of all personal protective equipment. (Boots, Medical suits, gloves, helmets, harnesses, etc.) Developing and implementing safe work plans, hazard assessments, tailgate talks and all other safety requirements to ensure worker safety within Trunkline. Providing direct rescue response to all Sewer and Substructure Inspectors performing Substructure maintenance and/or inspections while part of the Confined Space Emergency Rescue Team. Performing inspections and maintenance of Oil/Grit Separator Facilities, double barrel trunklines, sanitary and storm trunklines (trunkline infrastructure), deep manholes, interconnection sites, storage tanks, storage pipes, and utilidors. Activities include: Inspections of Cleaning & maintaining gates (testing and greasing) Replacing parts as required. Construction Completion Certificate Inspections (CCC) (inspection required when construction work is partially completed) Final Acceptance Certificate Inspections (FAC) (inspections required when construction work is fully completed).

Performing inspections, maintenance/repair, and testing of the Drager air monitoring equipment SCBA and BG4 breathing apparatus, as well as recording and filing all documentation related to the testing and maintenance of said equipment. Responsible for Pre-Trip inspections and truck route planning of Air Break and Trunkline vehicles. Ensuring the delivery of optimal results against appropriate performance metrics - Proactive Trunkline inspections (annual km of inspections completed). Inspecting and maintaining confined space entry and fall protection equipment. Completing detailed video and picture reporting.

What's required to be successful

Grade 12 or GED or equivalent is required. Alberta Environment Wastewater Collection Certification - Level 1. Note: For candidates that do not have this certification you must obtain it within 24 months of obtaining the position.

Minimum of two (2) years' experience or combination of training and experience working in drainage operations. Note: candidates possessing less than the required years of experience may be considered in a developmental opportunity position.

Must be able to successfully complete training as required for this position within Drainage Services. Possession of a valid Alberta Class 5 Motor Vehicle Operator's License. Ability to qualify for and maintain a valid EPCOR driver's permit. Considerable knowledge of methods, practices and rules of safe operation of assigned equipment. Must pass internal required training needed to perform Trunkline duties. Sound knowledge of the methods and practices used in servicing and maintaining equipment operated. Intermediate knowledge and skill using computers and software programs such as; IVARA, DRAINS, MS Office suite of products (i.e. word, outlook and excel). Demonstrated ability to operate equipment skillfully, safely and in conformance with applicable laws and/or regulations.

Due to the safety requirements of this role, the Incumbent must pass a job related physical ability evaluation and be assessed as fit for duty, every two years. The qualifications (skills and behaviours) listed above must be supplemented with a well-developed and effective verbal and written communication and interpersonal skills combined with the ability to work well within a team environment. A strong commitment to safety and the ability to take an active role in tasks assigned and see them through to completion are required. Other demonstrated competencies required to be successful in this position include taking initiative, adapting to change combined with a focus on continuous improvement. Other important facts about this job

Jurisdiction: CUPE30 Class: 7410 Wage: \$44.94 per hour, Developmental (7401D) at \$40.44 per hour; Placement based on qualifications, credentials and experience. Hours of work: 80 hours bi-weekly Application deadline: January 29, 2023 Internal Applicants, please ensure that you are using your "@epcor.com" email address! Learn more about Working at EPCOR! Follow us on LinkedIn, Twitter, Glassdoor or Facebook! #LI-TA10 Please note the following information: A requirement of working for EPCOR is that you are at least 18 years of age and legally entitled to work in Canada. (A copy of a valid work permit may be required.) If you are considered for the position, clearance on all applicable background checks (which may include criminal, identity, educational, and/or credit) and professional reference checks is required.
