

STUDENT REGISTRY

Training and Employment Opportunities

Are you looking for an exciting career as part of your Community's health care team?

Are you interested in training to work as a nurse, a health care aide, an occupational therapist, a security specialist, an educator, and more?

If 'yes', we invite you to help us measure interest levels from Manitoba's First Nations Peoples to enroll in training programs. These programs will be available to mature applicants aged 19 and over.

A Student Registry will be created that includes Community members who have expressed their interest. Registered members will be contacted and notified of training programs in development.

Take the questionnaire online, by visiting:

GoToSurvey.ca/MKO

You can also pick up a paper copy of the questionnaire at your local Nursing Station.

If you have any questions, or for more information:
