

Systems Administrator

The future you want is within reach.

At PCL, we build the places where life happens and find camaraderie in the process. We're a community of builders committed to building better communities. That's why we're always looking ahead, and not just to the next project or what's next in our industry.

We're also looking at what's next for you and how we can help you build a career you're proud of. We provide a team environment with a dynamic profile of work within the construction industry!

As a System Administrator for our Business Technology department out of our Winnipeg District Office, you will contribute to our team by:

- Being a first level contact for technical support and problem resolution.
- Providing innovative solutions with new technologies.
- Providing district jobsite setup and turndown, including remote support.
- Administering and monitoring district office and construction site server resources and technology solutions to ensure optimal operation.
- Performing a variety of technical operations duties and maintenance tasks.
- Delivering technical training for customers.
- Technology asset management and tracking.
- Mobility device configuration and support.
- Conferencing installation, configuration, and support.
- Communicating Business Technology initiatives and changes to existing systems and solutions.
- Other duties as required.

What you will bring to the role:

- Postsecondary degree or diploma in computer technology or a related discipline.
- Co-op/internship or relevant experience preferred.
- Effective verbal and written communication skills, with the ability to communicate complex ideas and concepts clearly and concisely.
- Ability to think logically and analytically, and to constructively express ideas and concepts.
- Basic problem-solving and troubleshooting skills.
- Experience with Windows Desktop Operating Systems
- Experience with Windows Server Operating Systems
- Experience with Networking such as VPN, WiFi, Switching, Routing and Firewalls
- High energy and passionate about people.
- Dedicated to customer service excellence.
- Prioritize multiple tasks and work under pressure.

Working Conditions:

- The Systems Administrator works mostly in an office environment. After hours work and support is sometimes required. Personal transportation to travel to local job sites is necessary.

PCL is an innovative, employee-owned company comprised of people who find passion in their profession and take pride in doing great work every day. Our work powers the infrastructure and utilities that are essential to daily life and our projects are the scene of vacations, careers, education, and healing. We are consistently ranked among the best companies to work for because we are committed to supporting and developing our teams.

Systems Administrator

The PCL Companies celebrate diversity and are proud to be an equal opportunity employer. We are committed to an inclusive environment for all employees and applicants and will make all employment-related decisions without regard to race, color, religion, sex, national origin, sexual orientation, gender identity, age, disability or veteran status.
